MATERIAL REQUIREMENTS:

	Crib 42" x 56"	Throw (Cover Quilt) 56" x 72"	Twin 70" x 88"	Queen 98" x 96"	King 105" x 96"

Backing	3 yards	4 yards	5 ½ yards	9 yards	10 yards
Binding	½ yard	½ yard	¾ yard	1 yard	1 yard

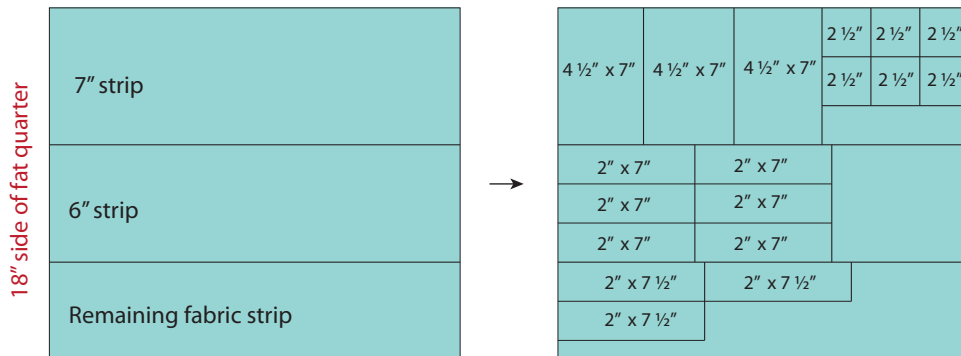

* Non-directional prints work best. The fat quarter cutting directions should accommodate directional prints but double check the print before cutting.

BEFORE YOU BEGIN:

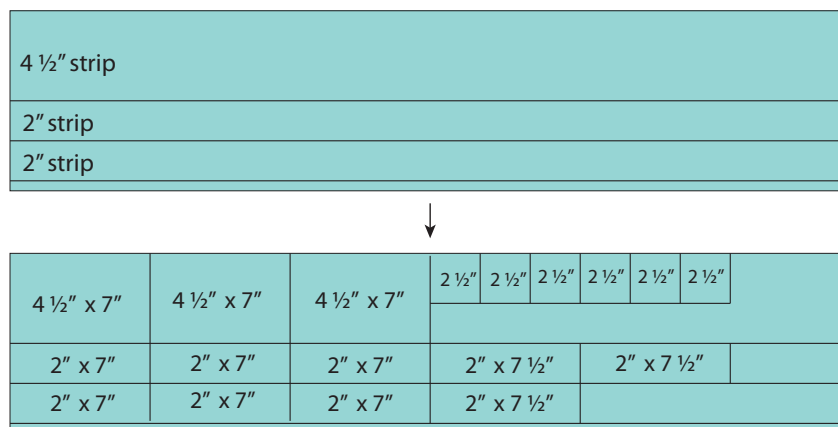

1. Please read through all of the instructions.
2. All seam allowances are ¼". The assumed width of fabric is 42" for yardage, 21" for fat quarters.
3. All seams are sewn with fabrics right sides together.
4. "Width of the fabric" has been abbreviated to "WOF".

CUTTING INSTRUCTIONS:

- If you are starting with Fat Quarters, cut each into 1 strip 7", 1 strip 6", and you should have 1 strip leftover at least 4". Cut along the 18" edge of the fat quarter.
 - Sub-cut the 7" strip into: 3 strips $4\frac{1}{2}" \times 7"$, and 6 squares $2\frac{1}{2}" \times 2\frac{1}{2}"$. If the fat quarter isn't wide enough and you don't have enough fabric to cut all of the $2\frac{1}{2}"$ squares, use the scraps after sub-cutting the 6" strip.
 - Sub-cut the 6" strip into 6 strips $2" \times 7"$.
 - Sub-cut the remaining strip of fabric into 3 strips $2" \times 7\frac{1}{2}"$.

- If you are starting with $\frac{1}{4}$ yards, cut each into 1 strip $4\frac{1}{2}" \times \text{WOF}$, and 2 strips $2" \times \text{WOF}$.
 - Sub-cut the $4\frac{1}{2}"$ strip into: 3 strips $4\frac{1}{2}" \times 7"$, and 6 squares $2\frac{1}{2}" \times 2\frac{1}{2}"$.
 - Sub-cut each of the 2" strips into each into 3 strips $2" \times 7"$, (6 total), and 2 strips $2" \times 7\frac{1}{2}"$ (3 total, you'll have 1 extra).

- From the binding fabric cut:

	Crib	Throw	Twin	Queen	King
$2\frac{1}{2}" \times \text{WOF}$ strips:	6	7	9	11	11

BLOCK ASSEMBLY:

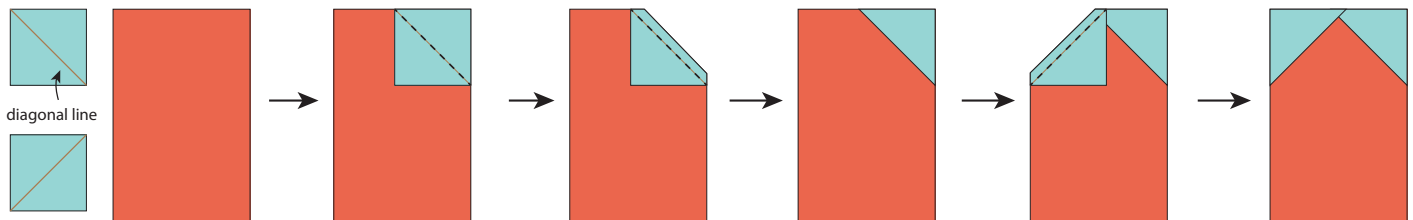

1. To make one block, gather the following pieces from the cut fabric:

Fabric 1: 4 ½" x 7" strip

Fabric 2: 2 squares 2 ½", 2 strips 2" x 7", 1 strip 2" x 7 ½"

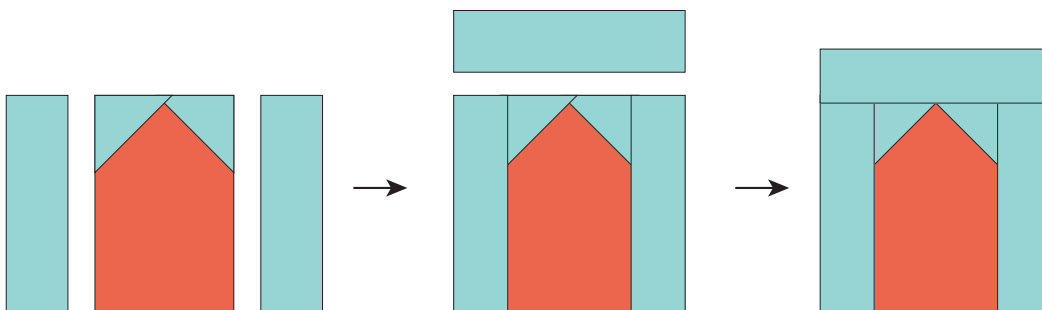

2. On the wrong side of each 2 ½" square, mark a diagonal line from corner to corner. Or, instead of drawing lines you can use **Diagonal Seam Tape**, and save yourself a lot of time and no marking lines! You can find Diagonal Seam Tape here: <https://cluckclucksewshop.com/products/diagonal-seam-tape> Place a 2 ½" square in the top right corner of the 4 ½" x 7" strip as shown below. Sew on the diagonal line, or use the Diagonal Seam Tape. Trim the corner leaving ¼", and press the seam towards the corner. Repeat on the left top corner with the remaining 2 ½" square as shown below.

3. Sew a 2" x 7" strip to each side of the block, press seams out towards the strips. Sew the 2" x 7 ½" strip to the top of the block, *press seam open*. This seam won't nest when the blocks are sewn together, so pressing this seam open is recommended, but personal preference.

The block should measure 7 ½" x 8 ½".

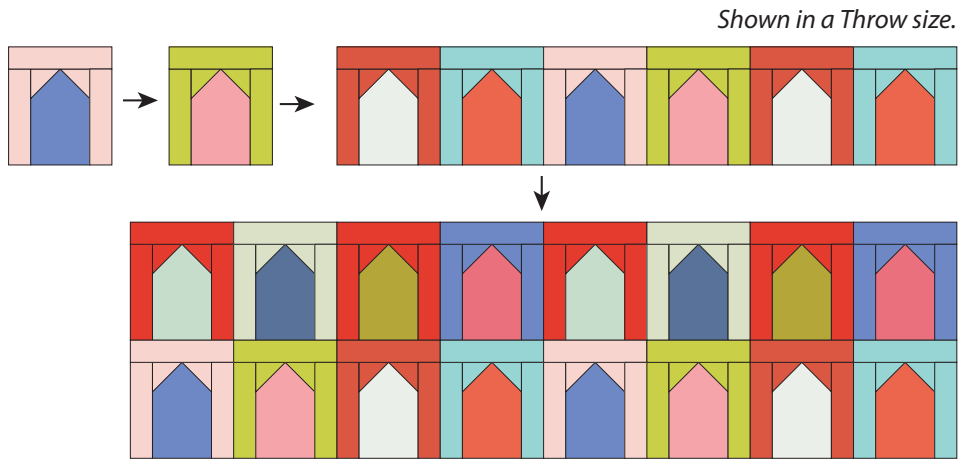

Repeat to make the following number of blocks:

	Crib	Throw	Twin	Queen	King
Blocks to make:	42	72	110	168	180

QUILT ASSEMBLY:

1. Layout the blocks into rows as shown in the table below and layout diagram on the next page.

	Crib	Throw	Twin	Queen	King
Blocks in each row:	6	8	10	14	15
Number of rows:	7	9	11	12	12

2. Sew the blocks into rows RST. Press the seams of each row in alternating directions (press row 1 seams to the right, row 2 seams to the left, etc), or press seams open.
3. Pin and sew the rows right sides together to complete the quilt top. Press.

FINISHING THE QUILT:

1. For the Crib, Throw & Twin, cut the length of the backing in half, making 2 equal pieces. For the Queen & King size, cut the length of the backing in 3 equal pieces. Trim selvages, and sew a selvage end from each piece RST.
2. Layer the quilt top, batting, and backing. Baste and quilt as desired.
3. Trim away the excess batting/backing, and bind. A free guide to finishing your quilt can be found at: <https://cluckclucksew.com/wp-content/uploads/2015/08/Finishing-your-Quilt-Guide.pdf> or at cluckclucksew.com under the wholesale tab in the toolbar.
